## **DOBRO DOŠLI / WELCOME**

**Bovan** je naselje u Srbiji u opštini Aleksinac u Nišavskom okrugu. Leži pored istoimenog jezera, između Sokobanjske i Aleksinačke kotline u Bovanskoj klisuri, koja spaja Sokobanjsku kotlinu sa južnim Pomoravljem.

*Bovan is a settlement in Serbia in Aleksinac municipality in Nisava district. It lies next to the lake with the same name, between the Sokobanja and Aleksinac basins in the Bovan gorge, which connects the Sokobanja basin with the southern Pomoravlje*

**Aleksinac** je grad i sedište opštine Aleksinac u Nišavskom okrugu. Nalazi se na 30 kilometara od Niša, prema severu, na autoputu prema Beogradu. Aleksinac je povezan železničkom prugom ka Beogradu i Nišu i centar je opštine kroz koju prolazi autoput.

*Aleksinac is the city and headquarters of Aleksinac municipality in Nisava district. It is located 30 kilometers from Nis, towards the north, on the highway towards Belgrade. Aleksinac is connected by a railroad to Belgrade and Nis and the center of the municipality through which the highway passes.*

**Niš** je najveći grad u jugoistočnoj Srbiji i sedište Nišavskog okruga. Po broju stanovnika Niš je treći grad po veličini u Srbiji (posle Beograda i Novog Sada). Nalazi se 237 kilometara jugoistočno od Beograda na reci Nišavi, nedaleko od njenog ušća u Južnu Moravu. Grad Niš zauzima površinu od oko 596,73 km<sup>2</sup>, uključujući Nišku Banju i 68 prigradskih naselja.

*Niš is the largest city in southeastern Serbia and the headquarters of the Nisava District. According to the number of inhabitants, Niš is the third largest city in Serbia (after Belgrade and Novi Sad). It is located 237 kilometers southeast of Belgrade on the river Nisava, not far from its estuary in South Moravia. The city of Niš occupies an area of about 596.73 km<sup>2</sup>, including Nis Banja and 68 suburban settlements.*

Niš je bio administrativni, vojni i trgovinski centar različitih država i carstava kojima je, tokom svoje duge istorije, pripadao. Na prostoru današnjeg Niša, u antičkom gradu Naisu rođeni su rimski carevi Konstantin Veliki i Konstancije III.

*Nis was the administrative, military and trade center of various states and empires, which, in its long history, belonged. In the area of today's Nis, Roman Emperors Constantine the Great and Constantius III were born in the ancient city of Nais.*

Geografski položaj Niša učinio ga je strateški važnim i time primamljivim gradom za mnoge osvajače. Tokom istorije, teritorijom na kojoj se današnji grad nalazi prošli su Dardanci, Tračani, Iliri, Kelti, Rimljani, Huni, Avari, a zatim i Vizantinci, Srbi, Bugari i Osmanlije. Uticaj različitih naroda koji su živeli na teritoriji današnjeg grada Niša primećuje se u

kulturnom nasleđu grada, pre svega u njegovoj arhitektonskoj raznovrsnosti.

Jezero Bovan, Srbija, 14. - 17.09.2017. fider *Jadransko Podunavski kup*  
Lake Bovan, Serbia, 14. - 17.09.2017. feeder *Adriatic Danubian cup*

*The geographical position of Niš has made it a strategically important and thus an inviting city for many conquerors. During the history, the territory on which the present city is located is the Dardanians, the Tracarians, the Illyrians, the Celts, the Romans, the Huns, the Avars, and then the Byzantines, the Serbs, the Bulgarians and the Ottomans. The influence of different nations living on the territory of today's city of Niš is observed in the cultural heritage of the city, primarily in its architectural diversity.*

Saobraćajna infrastruktura na teritoriji Niša ga čini raskrsnicom kopnenog i vazdušnog saobraćaja Balkana, (pogotovo zbog intenzivnog saobraćaja ka Turskoj i Grčkoj) i zbog toga što se na teritoriji Niša nalazi međunarodni aerodrom *Konstantin Veliki*, koji nosi međunarodnu oznaku INI. Važan je privredni, univerzitetski, kulturni, verski i politički centar Srbije. Niški univerzitet, osnovan 1965. godine, ima 13 fakulteta i oko 30.000 studenata.

*The traffic infrastructure on the territory of Niš makes it an intersection of land and air traffic in the Balkans, (especially due to intense traffic to Turkey and Greece) and because there is the international airport Konstantin Veliki in the territory of Nis, bearing the international mark INI. The economic, university, cultural, religious and political center of Serbia is important. The Nis University, founded in 1965, has 13 faculties and approximately 30,000 students.*
